---

2004

---

: 2004 11 5 ( )

AM 9:00 - AM 10:30	<p><b>Risk Factors in Stroke-I</b> :</p> <ul style="list-style-type: none"> <li>TIA and previous Stroke</li> <li>Hypertension</li> <li>Diabetes Mellitus</li> <li>Hyperlipidemia</li> <li>Cardiac disease</li> </ul>
AM 10:30 - AM 10:45	Coffee Break
AM 10:45 - AM 12:30	<p><b>Risk Factors in Stroke-II</b> :</p> <ul style="list-style-type: none"> <li>Metabolic syndrome (Obesity and physical activity)</li> <li>Smoking and Alcohol</li> <li>Infection</li> <li>Homocysteine</li> <li>Hormonal replacement therapy</li> </ul>
PM 12:30 - PM 1:30	<p><b>Advances of Acute Stroke Therapy</b> :</p> <p>Randall T. Higashida, MD</p> <p>Clinical Professor of Radiology and Neurosurgery</p> <p>University of California, San Francisco Medical Center</p>
PM 1:30 - PM 2:30	

PM 2:30 – PM 3:30	<b>Neuroradiological Intervention in stroke-I</b> :
	Carotid stent and angioplasty
	Intracranial artery stenting
	Intra-arterial thrombolytic therapy
PM 3:30 - PM 4:00	Coffee Break
PM 4:00 – PM 5:00	<b>Neuroradiological Intervention in stroke-II</b> :
	Endovascular treatment of aneurysm
	AVM Embolization
	Management of Dural AV fistula

13:00 - 14:00				Discussion	
14:00 - 15:00	Free paper				
15:00 - 16:00	<a href="#">SY-4</a>				
16:00 - 17:00	<a href="#">Management of the stroke patients in chronic stage</a>				

### **SY-1 Stroke situation in Korea and Japan (including risk factors)**

Chairpersons : Byung-Chul Lee (Hallym University College of Medicine)  
Masatoshi Fujishima (Prof. Emeritus, Kyusyu University)

- Panelists
- Ischemic stroke in Korea, analysis of clinical data from Korean stroke registry  
Byung-Chul Lee (Hallym University College of Medicine)
  - Hemorrhagic stroke in Korea  
Byung-Woo Yoon (Seoul National University College of Medicine)
  - Japanese stroke data bank  
Shotai Kobayashi (Shimane University, Fac. Of Medicine)
  - Stroke in Japanese general population  
Masatoshi Fujishima (Prof. Emeritus, Kyusyu University)

### **SY-2 Stroke prevention in Korea and Japan (including anti-platelets, anti-coagulation)**

Chairpersons : Jong Sung Kim (Asan Medical Center, Ulsan University)  
Takenori Yamaguchi (National Cardiovascular Center)

- Panelists
- Management of intracranial stenosis: angioplasty vs. medication  
Jong Sung Kim (Asan Medical Center, Ulsan University)
  - Risk factors for cerebral atherosclerosis: Intracranial vs. Extracranial  
Hee Joon Bae (Eulji University College of Medicine /Univ. of Illinois at Chicago)
  - Anti-hypertensives and statins for stroke prevention  
Masayasu Matsumoto (Hiroshima Univ. Graduate School of Biomedical Science)
  - Stroke prevention in patients with Non-valvular atrial Fibrillation  
Masahiro Yasaka (National Cardiovascular Center)

### **SY-3 Thrombolysis and anti-thrombotic therapy in Korea and Japan (including intravascular intervention)**

Chairpersons : Kwang Ho Lee (Samsung Medical Center, Sungkyunkwan University Coll. Of Med.)  
Takashi Yoshimoto (Tohoku University)

- Panelists
- Thrombolytic therapy based on CT and MRI findings.  
Kwang Ho Lee (Samsung Medical Center, Sungkyunkwan University Coll. Of Med.)
  - Current status of intraarterial thrombolytic treatment of acute ischemic stroke in Korea"  
Deok Hee Lee (Asan Medical Center, Ulsan University)
  - Diagnosis and treatment of acute cerebral infarction in MELT Japan study  
Takashi Inoue (Iwate Medical University, School of Medicine)
  - Current therapeutic concept of acute stroke  
Masayuki Ezura (Tohoku University)

### **SY-4 Management of the stroke patients in chronic stage in Korea and Japan (including vascular dementia, surgical intervention etc)**

Chairpersons : Byung-Woo Yoon (Seoul National University College of Medicine)  
Yasuo Fukuuchi (Ashikaga Red Cross Hospital)

- Panelists
- Surgical options for ischemic stroke: experience in Seoul National University Hospital  
Chang-Wan Oh (Seoul National University College of Medicine)
  - Training-induced plasticity of motor network after stroke  
Yun Hee Kim (Samsung Medical Center, Sungkyunkwan University Coll. Of Med.)
  - Treatment of the symptomatic and asymptomatic patients with carotid artery stenosis/occlusion  
Shunro Endo (Toyama Medical and Pharmaceutical Univ. Fac. Of Med.)
  - Management of risk factors in the stroke patients in Japan  
Shigeharu Takagi (Tokai University School of Medicine)
